Kennecott Utah Copper
P. O. Box 525
Bingham Canyon, Utah 84006-0525

Dear Ms. Emmons,

Re: Changes to 4th Line Expansion Plan, Bingham Pit, M/035/002, Salt Lake County, Utah

Last fall (September 1990), the Division was informed by Kennecott Utah Copper (KUC), that some minor changes would need to be made to the approved 4th Line Expansion Plan. Amendments to the plan would apparently address the required changes currently being made on the ground.

On September 18, 1990, Division staff met with KUC staff onsite to review these changes (please see attached inspection memo). Since our inspection on September 18th, we have heard nothing further from your office regarding these proposed changes. At your earliest convenience, please inform the Division of the status of these changes, and the progress associated with the current construction of the 4th Line facilities.

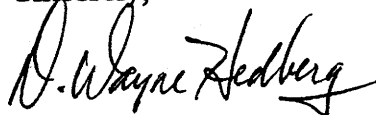

The Division would like to schedule another inspection, in the near future to evaluate the progress of the 4th Line expansion.

Please contact me or Holland Shepherd of the Minerals staff should you have any questions concerning the content of this letter.
